A FORECAST

Of President McKinley's First Annual Message to Congress.

Currency Problem and Foreign Relations the Chief Topics Presented—Message Will be Unique in Some Respects.

WASHINGTON, Dec. 2.—The message of President McKinley will be devoted practically to the subjects of our foreign relations and the currency problem. It will be unique in one respect in that it ignores the great bulk of matters usually constituting the departmental portions of presidential annual messages. There is scarcely a reference to the subject matter of the annual reports of the cabinet, the president's purpose being to call attention only to the more important affairs of the government. For this reason the postal savings project of the postmaster general is not discussed in the message.

While the details of the currency plank are not definitely known, it can be authoritatively stated that it is in the main an incorporation of the views submitted by Secretary Gage, though as to details the president leaves himself freedom of action by not taking any position with reference to several features of the secretary's plan while endorsing its main object.

A strong presentation of the Hawaiian question is made end congress is urged to take immediate action by ratification of the treaty of annexation. This part of the message strongly depicts the necessity for making the island part of the domains of the United States and reviews advantages that would accrue to the country by its possession.

As to Cuba the message calls attention to the recent trend of affairs on the island, refers to the scheme of autonomy just offered by Spain and, after reciting other developments in the situation, reaches the virtual conclusion that existing circumstances do not warrant interference in the affairs of the island.

Considerable attention is paid to the reciprocity negotiations with various countries in Europe. Special Commissioner Kasson has been working on this subject for some time and the message deals with some of the developments of negotiations already held and expresses the hope of the administration to secure satisfactory results in the future. The policy of the administration on this subject is outlined, and, citing French champagnes as an illustration the point is made that if special concessions are given any foreign products the United States must be given equal treatment by reciprocal concession.

The Alaskan problem is discussed at some length and a plea is made for congressional legislation, including the extension of the operation of the public land laws and the granting of rights of way for roads by which all parts of the country may be made more accessible.

TEN DROWNED.

Watery Graves for the Crew of an English Lifeboat.

A Volunteer Life Saving Crew at Margate Goes Down While Putting Out to a Distressed Ship.

MARGATE, Eng., Dec. 2.—The volunteer life boat belonging to this place capsized this morning off Nayland rock. Of the fourteen men comprising her crew, ten were drowned. The Margate life boat, when the accident occurred, was on her way to rescue the crew of a large vessel, supposed to be the Persian Empire. The life boat was about two miles off shore when she was overturned.

CURE FOR HYDROPHOBIA.

Indian Specific for Rabies to be Tested by Physicians.

LOS ANGELES, Cal., Dec. 2.—For many years it has been known that the Yaqui Indians, of Sonora, possessed a vegetable specific remedy for hydrophobia, which was not only sure and efficacious, but perfectly harmless. While always ready to apply when needed, the Indians have kept its constituents a profound secret. Recently Dr. J. S. Bell, a specialist, now at Hermosillo, has secured from the Yaquis their valuable secret, and a large quantity of the herbs necessary for its manufacture, and will return to the United States to introduce the remedy throughout the country. It is believed that its certainty and safety, combined with its almost insignificant cost, compared with visiting a Pasteur institute for treatment, will cause it to become the generally accepted remedy for rabies.

NOBLE ON INJUNCTIONS.

Former Secretary of the Interior Talks to Purdue Students.

LAFAYETTE, Ind., Dec. 2.—Ex-Secretary of the Interior Noble, of St. Louis, today delivered the third of a series of lectures on railroad topics before the students of Purdue university. He was introduced by his former chief, ex-President Benjamin Harrison, a member of the board of trustees.

General Noble in the course of his address said, referring to injunctions:

"The writ of injunction that prohibits a lawless attack upon property of a reckless obstruction of the functions of government has proved an efficient process of the law, to secure at least a fair hearing on the merits of the case. The right of the courts of chancery to issue the writ of injunction and to try by the court itself violators of its command, without appeal, has grown up along with the right of trial by jury."

TWO FAILURES.

Enterprising Bandits Who Get No Booty.

A Bank Safe Attacked at Milford and a Passenger Train Held Up in Iowa.

WARSAW, Ind., Dec. 2.—Five robbers entered Miles & Higbee's bank at Milford, early today. They bound and gagged Night Watchman Milton Stiffly. Dr. Black, who passed on his way home, was also seized and gagged. The robbers then drilled a hole in the safe and several charges of dynamite were exploded, but only disfigured the safe without opening it. In their rage the robbers burned $1,000 of valuable securities and departed, leaving no clew.

KEOKUK, Iowa, Dec. 2.—One lone robber, with his face hidden by a mask and armed with a revolver, attempted to rob the passengers of the northbound St. Louis, Keokuk and Northwestern train, which arrived here early this morning. A minstrel troupe and a theatrical company were aboard the cars. The robber got on at Lagrange, Mo., about forty miles below here. Soon after the train left Lagrange the desperado, who had taken a seat in the smoking car, put a mask on his face, and drawing a revolver, started through the car. He demanded the money and valuables of the passengers. There was a scramble to get out of his way, but some of the men in the coach stood their ground and attempted to disarm the bandit, who fired three shots from his revolver, none of which took effect. He lost his mask in the scuffle and finally escaped to the platform, from which he sprang to the ground while the train was going at full speed. The bandit secured no booty and his mask is in possession of one of the theatrical party.

ST. LOUIS, Dec. 2.—A special to the Post-Dispatch from San Antonio, Texas, says: "Advices were received here this morning of an attempt to hold up and rob a passenger train on the Mexican National road, near Monterey, Mex., by nine masked and well armed Mexicans. The passengers made resistance and the outlaws were unsuccessful. They are being pursued by soldiers and if captured will be shot."

MARRIED.

Henry George, Jr., and Miss Marie Hitch.

The Affair Quietly Conducted at the Bride's Father's—Miss Hitch Serves as Bridesmaid.

CHICAGO, Dec. 2.—The marriage of Miss Marie Hitch, daughter of Capt. E. V. Hitch, formerly of New Orleans, to Henry George, jr., son of the late Henry George, of New York, was celebrated today at the home of the bride's father, 255 Ontario street. The wedding was a quiet one owing to the recent death of Mr. George's father. Only the most intimate friends and relatives witnessed the ceremony, which was performed by Rev. John Rush, of the Militant church. The bride, who was simply but handsomely gowned in white silk and lace, was attended by her sister, Miss Ellmore Hitch, as maid of honor; and the groom was attended by Ralph Crawford, of New York, as best man. A wedding breakfast was served, after which Mr. and Mrs. George left for Washington. Mrs. and Miss George, mother and sister of the groom, were among the wedding guests. The young couple first met during the world's fair, although the families had been intimate for years, the acquaintanceship was resumed when Henry George's father came west during the last presidential campaign to make speeches for W. J. Bryan, and this summer while Miss Hitch was visiting Mr. and Mrs. George in New York the engagement was announced. The wedding was to have taken place a week ago, but the sudden death of Mr. George's father during the heat of the New York mayoralty campaign caused a postponement until today.

MOTHER M'KINLEY

Suffers a Paralytic Stroke This Morning.

The Attack is Mild but Her Extreme Age Makes Her Recovery Very Doubtful.

CANTON, Ohio, Dec. 2.—Mrs. Nancy Allison McKinley, mother of the president, was stricken with paralysis this morning, and it is feared that her death is only a question of a short time. The paralysis at present is of but a mild form, but owing to her extreme age, nearly eighty-nine years, Dr. Phillips, the attending physician, can give but little hope to the family.

Abner McKinley, of New York, has been visiting here for a few days, and when his mother was stricken this morning, immediately communicated with the president by telephone. The latter asked if he had best start at once, to which Abner McKinley replied that he had best wait a further report from the physician, who would make a call in time to advise by 1 o'clock.

The physician's statement to the family was that there was little doubt that the attack would ultimately result in death, but that there was no indication yet as to just when the end might come.

The attack was very light, and in a younger person would not necessarily be regarded as dangerous, but to one of her advanced years there is every probability that the attack will become aggravated. The end, he said, might be in a short time or it might be in a week or even a longer interval.

Mother McKinley, for some time, has not been in real good health, having suffered from a mild form of grip, with which she has been afflicted, and she was able to be up and about the house. Wednesday she seemed to have materially improved and her bright and cheerful humor was especially noted by the members of the household. Abner McKinley remarked that he had not seen her in such apparent good spirits for years.

She retired as usual Wednesday night, occupying a room adjoining that of her daughter Helen. About the hour the family usually arises this morning, Mother McKinley walked to Miss Helen McKinley's room and awakened her.

The latter addressed her mother, and receiving no answer surmised that something was wrong. She immediately dressed and summoned the household and later a physician.

Except in the failure of the vocal organs, Mrs. McKinley shows but little evidence of the paralysis. She is in full possession of her mental faculties, recognizing all of the family and others who see her and taking an interest in whatever transpires. A letter was received from the president this morning and was read to her by Miss Helen McKinley, who inquired if she understood the letter. To this Mother McKinley nodded her assent. Her physical powers up to noon were but little affected by the paralysis. She was able to walk to her daughter's room before her illness was known and since seems able to handle herself almost as well as usual.

MURDER AT A GRAVE.

Alexander Owens Kills Alexander Lawrence at Terre Haute.

TERRE HAUTE, Ind., Dec. 2.—Alexander Owens, a marble dealer, became enraged at Alexander Lawrence, an employe at the cemetery, and struck him a fatal blow as they stood on opposite sides of a grave.

Owens was placing a monument at the grave when Lawrence suggested that the base was not in a good position. Owens resented what he termed the interference of Lawrence and seizing a heavy oaken roller struck Lawrence on the head before the other workmen could prevent him.

Lawrence's skull was crushed and he died several hours afterward.

MAIL CLERK ARRESTED.

C. W. Merritt Trapped by Means of Decoy Letters.

PITTSBURG, Pa., Dec. 2.—C. W. Merritt, of Mansfield, Ohio, was arrested this morning for robbing the mails. Territt was employed as a railway postal clerk on the Fort Wayne railroad between Crestline and Pittsburg. For a long time the postal officials have been troubled with complaints of money being stolen from letters. Two decoy letters, with marked money, were found in his pockets when arrested.

WILL STOP THEM.

"Missing Word" Contests Under the Ban of the Postoffice Department.

WASHINGTON, Dec. 2.—The postoffice department is taking a firm stand against the so called "missing letter" and "missing word" contests which are being conducted by a number of publishers to increase the subscriptions to their papers. The lottery law directs that the postmaster general, upon evidence satisfactory to himself that a concern or person is operating through the mails a lottery, or scheme offering prizes dependent upon lot or chance, to prohibit the delivery of all mail matter to it. All newspapers and periodicals containing advertisements of this character are forbidden transmission in the mails. This law, it is now announced at the postoffice department, will be applied to all schemes which are violations of it if they are continued in operation or advertisements of them are published. Missing letter contests are held to be such violations because many correct answers can be given, but only one list is deemed the "correct list" by the promoter of the scheme. The chance consists in guessing what words compose the so-called "correct list." Such schemes are held to be especially obnoxious, owing to the skillful wording of the advertisements which make the chance for obtaining a prize more remote than in the defunct Louisiana lottery.

SHE WAS SWINDLED.

Mrs. Julia French Invests Unwisely.

Buys Stock in a Gold Mine Which Has an Existence Only In Her Imagination.

DENVER, Col., Dec. 2.—The Republican today publishes the following dispatch from Cripple Creek in regard to the Fortune Gold Mining company, the promoters of which are accused by a wealthy Boston lady of having swindled her out of a large sum of money. The Fortune Gold Mining company, ostensibly of Cripple Creek, but in reality of Boston, owns undisputed right to three claims located in the granite somewhere south a few miles from the Cripple Creek district. There is very little probability that the title of the company to the property will ever be brought into dispute. It is to recover $10,500 paid for stock in this company that Mrs. Julia D. French, a wealthy society woman of the Back Bay district of Boston, has caused the arrest of Hamilton Guyot, Francis Appleton and William Beech Abbott, all of that city. The prospectus of the Fortune company is one of the most glowing that has ever appeared in Cripple Creek from the far-away Hub. In it the purchaser of stock, which is offered for sale at fifty cents a share, is led to believe that the claims owned by the company are among the most valuable in the heart of the Cripple Creek district. The people of Boston have suffered heavily from companies of this class, formed by their own people, and the parties arrested have a number of similar claims to be located in similar far-away hills adjacent to the Cripple Creek district.

BOAT BURNED.

The Egyptian Completely Destroyed in the Lake.

A Passing Steamer Picks Up the Crew and the Burning Boat is Left to Her Fate.

HARRISVILLE, Dec. 2.—The steamer Egyptian, bound from Cleveland to Milwaukee with a cargo of coal, burned to the water's edge in Lake Huron last night, off Sturgeon Point. The fire was discovered by the Sturgeon Point life saving crew about 8 o'clock, who started at once to the rescue, arriving at the burning boat at 11 o'clock. On the way to the steamer the life saving crew passed a barge which had taken the Egyptian crew off, but the life savers continued on their way with the hope of being able to save the burning hulk. There were twelve vessels around the Egyptian during the early part of the fire, but by the time the life savers reached her they were all gone. Without help of any kind at hand, the life savers were compelled to leave the Egyptian without doing anything after rowing about thirty-five miles in weather nearly to zero. None of the life savers suffered permanent injury from the cold. Captain Henderson who was in command of the life saving crew, deserves great credit for his heroic endeavors to save the Egyptian. He might have been able to have done something had not all the vessels sailed away when the life boat was still two miles away from the burning vessel. The Egyptian was owned by Nelson S. Whipple, of Detroit, according to the blue book. She was of 1,206 tons and was 232 feet long by twenty-six feet beam. She was built in 1873 and was several years past the time when she was a money maker.

More Gold Veins Discovered.

CRIPPLE CREEK, Col., Dec. 2.—The northern boundary of the Cripple Creek gold district has been extended three miles by the discovery in Copper Mountain of an immense blanket vein of ore running from $10 to $150 per ton in gold. The ore lies near the surface and is mined with plow and wheelbarrow. In the opinion of many mining men Copper Mountain is likely to prove one of the richest hills in the camp.

GEN. PANDO SLAIN.

Spanish Commander Killed in a Battle With Insurgents.

A Fierce Engagement Reported in Which Spanish Losses Were Heavy—Havana Greatly Excited.

NEW YORK, Dec. 2.—A dispatch to the Herald from Havana says:

A report that General Pando, who was placed in charge of military operations in Cuba by General Blanco, has been killed in an engagement with insurgents in Santa Clara province has just reached Havana. This report has caused the most intense excitement in the palace and official circles. No details of the killing of the Spanish commander have been received beyond the statement that he was shot in a battle with a force of insurgents while on the march from Sagua La Grande to Trinidad.

General Pando's plan was to march right through the heart of the territory which General Gomez' force is declared to have controlled. Simultaneously with the report of General Pando's death, comes news of a battle with insurgents near Matanzas, in which the Spanish forces were routed and driven from the field. This engagement was bitterly fought and it is asserted that the losses of the Spaniards were very heavy.

BODY EXHUMED.

The Skull of a Suicide to Cut Some Figure in Contest of a Will.

SAN FRANCISCO, Cal., Dec. 2—Mrs. Wm. E. Hawley committed suicide at Oakland September 7 and the coroner's jury returned a verdict of suicide that same afternoon. The remains were buried the following Thursday at her former home at Napa. The will that Mrs. Hawley left, bequeathing her property to her husband, has been contested by her brothers and sisters. Her remains have been exhumed and her skull is now in the hands of San Francisco chemists for examination. The relatives charge that the will produced by her husband, which is intended to benefit him to the extent of $40,000, is a forgery, and while they will say nothing as to the purpose of the examination of the skull, they have put detectives on the case and the supposition is that they will try to prove that Mrs. Hawley did not commit suicide.

TO STOP LYNCHING.

Governor O'Farrell Submits a Remedy in His Annual Message.

RICHMOND, Va., Dec. 2.—In his message to the general assembly, which convened yesterday, Gov. O'Farrell discusses the lynching question and proposes legislation to correct the evil.

He urges that a heavy pecuniary penalty be imposed on each county and city in which a lynching occurs; that wherever the military may be called out to protect a prisoner in a county or city such county or city be charged with the expense thereof, and that officers who allow prisoners to be taken from their custody without first having exhausted all possible means to protect their prisoners be summarily suspended until the question of dismissal shall be determined by a jury. Also that there be only one penalty for assault, and that death.

HANNA HAS THE GRIP.

Will Not be Present at the Opening Session of the Senate.

CLEVELAND, Ohio, Dec. 2.—After several days of indisposition, Senator Hanna has thrown up his hands and gone to bed. He has the grip, but is not dangerously ill, his doctor says. At the same time he has severe headaches and must keep to his bed for a week.

He had been carefully nursing himself with the view of being in shape to go on to Washington and be in his seat in the senate when congress convened for the regular session. It has been at least four or five days since he visited the office and he was saving himself, but it was no use. He finally had to go to bed and call a doctor. Yesterday morning Colonel Dick received word by telephone of the state of affairs. The senate will be one short when it gets to work.

FOOD IS SCARCE.

Conditions at Dawson City are Such as to Threaten Famine.

SAN FRANCISCO, Dec. 2—Edgar L. Strauss of this city, a member of the Pacific stock exchange, has received a letter from his brother-in-law James W. Morrison, who is now at Dawson City, which confirms the news of the scarcity of food on the Klondike. He says: "The steamer Bella arrived, bringing about eighty tons of provisions, but still that will not be sufficient. The authorities have posted notices advising all persons not supplied with a year's pro[illegible] to Circle City or Fort Yukon, where provisions are to be had. The stores are closed. The cargo of the Bella won't begin to fill half the orders. The provisions were sent on the City of Weare and are only placed at sixty tons.

THE DEATHS.

Demise of Mrs. A. N. Hanna This Morning.

Mrs. A. M. Ambruster Succumbs After a Long Suffering—Emanuel Weisser Dies at Corry, Pa.

Mrs. A. N. Hanna, of No. 14 Fulton street, died early this morning of cancer of the breast. Deceased was almost forty-two years of age, and leaves besides the husband, two sons, aged fourteen and ten years. The remains will be shipped to Bluffton for interment next Saturday. The remains can be seen by friends all day tomorrow at the residence.

WEISSER.

Councilman Frank X. Schuhler has received a telegram from Corry, Pa., announcing the death of Emanuel Weisser, whose illness was noted in THE SENTINEL a day or two ago. Mr Weisser was an old resident of Fort Wayne, coming here from Germany in the early days. He was a tanner by trade, and after living here a few years established a tannery on Spy Run avenue, which was one of the leading industries of its kind in northern Indiana. A few years ago he sold out and moved to Corry, Pa., to embark in the same business with his son, Frank Weisser. The deceased left a large estate included in which is considerable property in this city.

AMBRUSTER.

Mrs. Anna Mary Ambruster died yesterday afternoon at her home, 136 Horace street, of diabetes. She had been a sufferer for several years. She was seventy-nine years of age and a native of Germany, but came to this country when a young girl and the greater part of the time since she made her home in Fort Wayne. She leaves a husband, Laurenz Ambruster, a well known watchman at the works of the Western Gas Construction company, and two children. There are also three grandchildren, who lived at her home.

The funeral will take place Saturday at 8 a. m. from the house and 9 o'clock from St. Peter's church.

A NEW CHURCH.

Division Proposed for the St. Paul's Congregation.

Fletcher Homestead Property To be Purchased for the New House of Worship and Schoolhouse.

Owing to the growth of the St. Paul's Lutheran congregation the inevitable result of overreaching the capacity of the handsome church on Barr street has been a matter of discussion for some time. Today material steps in the direction of a remedy for the fast approaching condition were taken and it is safe to say that before very long a new church building and school house will be erected in the Eighth ward. The trustees of the church are negotiating for the purchase of the Fletcher homestead property, on Walton avenue, and terms have virtually been agreed upon. It is proposed to first erect a school house in the spring, the church building to be built later in the season. This new house of worship will accommodate the large number of members in that part of the city and give a chance to centralize the St. Paul's district. The expenditure for this church improvement will be considerable.

BARN BLAZE.

E. Hettinger Sustains a Serious Loss by Fire.

Thirty Tons of Hay and the Contents of the Granary, Together With Farm Implements, Destroyed.

E. Hettinger, a farmer residing three miles northeast of Maysville, was in the city today to file notice of a fire loss with the Allen County Farmers' Insurance association. Mr. Hettinger's large barn, with all its contents, burned to the ground and it was with great difficulty that the other buildings were saved. The fire was started by incendiaries while the farmer was at Maysville Tuesday night. In the barn was stored thirty tons of hay and a large amount of grain, besides the valuable machinery used in farming. His insurance amounts to $1,000, which will not half reimburse him for the loss.

SUGAR BEET MEETING.

Farmers of Lake Township Addressed by W. F. Devilbiss.

A sugar beet meeting was held last night held at Jones' school house in Lake township. Levi Binkley presided and the meeting was addressed by W. F. Devilbiss. A large number of the representative farmers of the township were at the gathering, and much interest was shown in the culture of sugar beets. Among those who were present 17½ acres of sugar beets were pledged.

A meeting will be held at the Wallen school house tomorrow night.

The Tippecanoe club was addressed last evening by H. W. Tenbrock, who has had a personal knowledge of the sugar beet industry in the Netherlands. He has made a study of the subject and its possibilities for this state and gave the club entertaining information about it. He showed that it is not only possible to grow sugar beets in this country, but that certain success would attend the effort. Speeches were also made by Dr. Balson, Otto Gross and W. E. Dond.

FIENDISH DEED.

The Head of a Family Tries to Kill Them.

Tied His Wife and Children to a Beam and Then Assaulted Them With a Knife.

WILMINGTON, Del., Dec. 2.—A special from Milford, Del., to Every Evening says that Salvage Bilderback, a charcoal burner, who, about a year ago, moved from New Jersey to Duglestown, a Maryland village near the Delaware line, attempted to kill his family last Monday evening. Bilderback returned to his cabin about 10 o'clock and said to his wife:

"I have just learned to use the kind of sword the Cubans use. Now, I want all of you to stand up."

In order to humor him she and the children arose, when he tied their hands with a piece of cord, which he fastened to the rafters. Obtaining a corn knife which was in an adjoining room, he commenced cutting his family, inflicting some dreadful wounds. Before he could complete his fiendish work his son came home. Bilderback becoming alarmed, seized his army musket, ran out doors and fled to the woods. The son summoned a physician and notified the neighbors. A posse was quickly organized and search for the assailant was begun, but as yet Bilderback has not been found. The villagers threaten to lynch him if he is found. The condition of Mrs. Bilderback and the children is serious.

THE "cabinet crisis" appears to have assumed the malignance of a fad in Europe. First Greece had one, then Spain, Austria is just catching her breath after dallying with the fashion, and France now is about to have one

KAISER WILLIAM has decided to send no warship to bring little Hayti to terms. It may have been respect for the Monroe doctrine and the country that stands ready to enforce it, or it may not. Any way, the German gunboat is not coming.

WITH the new gold discoveries in the Klondike, Australia and Siberia monopolizing public attention, little attention has been paid recently to the American mines. Yet the figures show that the sixteen most prominent gold mining companies in this country have paid, all told, nearly $40,000,000 in dividends to its stockholders. Unfortunately for the reputation of the American mines where one pays dividends a score or more prove absolutely worthless. But this is always the case, and investors should not be led to believe that the Klondike securities will prove any exception

IF the greenbacks are to be retired, bonds must be issued for that purpose. What the average citizen wants to know and cannot find out is what good is to come of converting a non-interest bearing debt into a debt that does bear interest. That is a part of the plan of currency "reform" proposed by the administration.

AFTER a ten years' struggle Duluth has finally acquired possession of its water works. It pays $1,250,000, while the price heretofore demanded was $2,100,000. The water company spent nearly $500,000 in elections and litigation during that time. The prospect of Duluth building a municipal plant at once brought it to time.

GROVER CLEVELAND was sold in New York the other day for $25. He was only a horse, however, and was once owned by the former president whose name he bears. The animal is a full brother of the great gelding Azote and had the making of a fleet stepper, but he wasn't trained right. No analogy is intended in these observations.

A NUMBER of Turks, immigrants who believe in polygamy, were turned back at New York. It appears that the interpreter who put the questions was an Armenian and he managed to make them testify that they believed in the Koran, which sanctions polygamy, and were therefore polygamists and disqualified for admission here. The young men protested that they were bachelors and had no intention of getting married, but that made no difference. One Armenian seems to have got even at the expense of the "unspeakable Turk."

THE report of Dr. Wyman, surgeon general of the marine hospital service, on the late epidemic of yellow fever in the south, reveals another question to be decided in connection with what may be called the Cuban question at large. Dr. Wyman officially states that Havana is the source of the yellow fever, which visits our country at frequent intervals, causing loss of life and property. Havana is a constant hotbed of yellow fever, and for the reason that the government of Havana enforces no sanitary regulations whatever. At present the mortality at Havana from yellow fever—which always prevails there—is increased by the short supply of food in the city, in other words by starvation. In different hands than those of Spain the harbor of Havana would be cleansed and precautions taken against yellow fever, just as has been done at Vera Cruz

Chronic Pauperism.

A singular and striking report, probably the only one of the kind ever made in this country, has just been completed and issued in New York city by the committee on statistics of the Charity Organization society.

The committee is composed of Richmond Mayo Smith, professor of political economy and social science at Columbia university; Franklin H. Giddings, professor of sociology at Columbia university, and Frederick W. Halls. The report consists of a careful analysis of the records of 500 families from the time they applied for aid in 1890 until September 1, of this year. In referring to the repetition of applications for relief the report says:

"There is a disclosure of chronic pauperism. This pauperism exists to a large degree because of the incapacity of men and women to support themselves. Their condition is due, investigation shows, to a lack of moral development. Of the persons who appealed for aid the largest number were married men and women. Widows with children came next. Of the 500 applicants 170 were Irish and 132 were natives of the United States. Many of the latter were persons who had lived in this city less than a year. The list includes 122 men of good character and 231 women of good character. The remainder were professional beggars, criminals and chronic paupers."

There is no way to deal with this class of chronic indigents. They are helpless in a measure, as pointed out in the foregoing extract. There is a moral and intellectual incapacity for which there is no remedy and the best, perhaps, that can be done is to furnish them subsistence when it is required. Hostage for the future might be taken in preventing, if possible, the intermarrying of people of this class and the propagation of their kind to a large extent cut off. But even this is a doubtful expedient. Verily, the poor we have always with us.

FIELD'S TERM EXPIRES.

Aged Supreme Court Justice is Now a Private Citizen.

WASHINGTON, Dec. 2.—Justice Field's retirement from the supreme court, of which he gave official notice to the president last April, took place yesterday. The justice was not present in the court room and as he had not sat with the court on any day since the opening day of the term the proceedings did not differ in any respects from those of ordinary days.

It had been supposed that the general transfer of the seats of the associate judges, which always occurs when the senior associate retires, would take place, but even this formality was postponed until Monday next. Justice Harlan now becomes the senior associate.

If Justice Field's term had continued until next Tuesday he would have had forty-four years of continuous service. Under the law he will draw full salary until his death.

DIFFER AS TO UNION.

Indiana Societies of Sons of the Revolution Fail to Agree.

INDIANAPOLIS, Dec. 2.—The Indiana Society of the Sons of the American Revolution, at the meeting last night, unanimously approved the proposed consolidation of this organization with the Society of the Sons of the Revolution, the new association to be known as the Society of the American Revolution. The Indiana branch of the Society of the Sons of the American Revolution have resolved, however, to oppose the proposed consolidation, and the statement was made that two-thirds of the eastern states had taken or would take similar action.

AMONG THE LODGES.

CONTINUED FROM FIRST PAGE

Harmony hall, Wednesday evening, December 8, at which important business will be transacted The election of officers for the ensuing year, addresses and suggestions under the head, "Good of the Order," will be participated in by the sister and brother members. Progressive pedro will be next on the program, the awarding of two first and second booby prizes to each lady and gentleman winners and losers, then refreshments will be served. Judging from past experience, they logically expect a jolly good time. The new charter is now on exhibition in Root & Company's window, where it will remain for three days more.

ELKS.

The annual memorial service will be held in the lodge rooms on next Sunday afternoon, Dec. 5th, it being the first Sunday in December, which has been designated and dedicated each year as a day in which shall be commemorated by every lodge of Elks the memories of our departed brothers.

Since the last memorial service three brothers have departed this life, viz.: Brothers E. J. Erickson, H. J. Lapp and John Hamm, and it is to eulogize and commemorate their memory, as well as the memory of brothers who have gone before them that the members meet next Sunday.

The committee in charge of this memorial service have for good and sufficient reasons decided not to have a large public memorial service this year, but all brothers are requested to be on hand and take part in the ceremonies and to invite such friends as they desire to be present.

Good music, appropriate to the occasion, will be a part of the exercises. Brothers and their guests are requested to be at the lodge rooms promptly at 1:30 p. m.

The committee in charge is as follows: W. W. Mungen, A. C. Alter, F. S. Lightfoot, Sid Hubbard.

U. R. K. OF P.

Last Thursday evening a meeting was held to push along the organization of a company of the Uniform Rank, K. of P., at New Haven, and the following officers were elected:

Captain—Chas. W. Bolyard.

First Lieutenant—E. C. Carter.

Second Lieutenant—Ben C. Pickett

Recorder—Will D. Gorrell.

Treasurer—Jos. W. Harlor.

There are five non-commissioned officers to be appointed, and the new organization will start with twenty-one charter members. When it came to select a name New Haven was almost unanimously chosen.

The new company will belong to the Ninth regiment, under command of Col. C. E. Graves, of this city, and the boys will try and get in shape for the supreme lodge meeting at Indianapolis next summer. This gives New Haven two uniformed bodies, the other being the Knights of St. John.

K. OF P.

Next Monday evening E. V. Emrick will address knights at Phoenix hall on the subject of "Pythianism." All brothers are invited to be present.

Fort Wayne, No. 116, has appointed the following committee to make preparations for a big reception to be given by the lodge January 4th: H. I. Smith, chairman; Charles Young, T. N. Roach, C. K. Riemon and George Essig. The affair will be on a broad scale and it is desired to have every Pythian knight in Fort Wayne present on the occasion. The lodge has held aloof from anything of this kind owing to the fact that the Odd Fellows' building was not provided with an elevator. This objection has been removed and a fine elevator will be in operation by the time this reception is given.

KNIGHTS AND LADIES OF COLUMBIA.

The Knights and Ladies of Columbia meet every Wednesday evening in K. O. T. M. hall on Calhoun street. Owing to the fact that this entertainment was given on their regular meeting night they decided to call an extra meeting next Saturday, at which time they will nominate officers for the ensuing term; also act on the applications of several parties.

WEARING BADGES.

Many of the orders of this state have taken up and are enforcing the law in regard to persons wearing badges and emblems of orders who are not members. The Jr. O. U. A. M., of Monroeville, have taken this step and it is a proper one, as there are entirely too many impostors who are sponging their living and seeking assistance from members of orders in good standing. There are several of this class in Monroeville and they should take warning, as the penalty is $50 and costs.

DAUGHTERS OF REBEKAH.

There will be an annual election of officers in Queen Esther lodge next Saturday evening

I. O. R. B.

Tuesday night a very interesting session was held, three ladies and two gentlemen being initiated into the order and three more were elected to come in next Tuesday night. The order is growing in membership as well as interest.

DEGREE OF HONOR.

The three lodges will elect officers next week. No. 2 and No. 22 will choose officers on Tuesday and No. 26 on Wednesday.

At the meeting Tuesday evening No. 2 had one initiation and a literary and musical entertainment was carried out before the meeting closed.

AUXILIARY TO B. OF L. E.

The Ladies' Auxiliary to the B. of L. E. will give an entertainment in True Blue hall Thursday evening, December 9. Their program is an especially pleasing one and will be published in a few days. The committee is making an extra effort to secure some of the best talent in the city and the deserve a liberal patronage from their friends.

The entertainment will be followed by a short dance program.

K. OF THE G. E.

The Knights of the Golden Eagle had three candidates last Tuesday evening, upon whom the three degrees were conferred. After the work Brother William H. Boles, of Winchester, and Brothers Hilgeman and Keefer, of this city made speeches. An oyster supper and smoker followed. Next Tuesday evening there will be five candidates for the first degree and a big time is expected. This order is flourishing finely. Meetings are held regularly Tuesday night of each week.

NATIONAL UNION.

Kekionga council No. 93 will hold their regular meeting next Wednesday evening, December 8. At this meeting will occur the annual election of officers and three trustees to serve for the ensuing year. There will be other important business to be transacted. The degree staff will confer the initiation upon three candidates. The entertainment committee will submit their report and the members may expect to hear something interesting, as the committee have labored diligently to furnish something attractive.

INDEPENDENT ORDER OF RED MEN.

The semi-annual election of officers for Mechecannochqua tribe, Independent Order of Red Men, which took place last evening, resulted as follows:

Sachem—William Birley.

Senior Sagamore—William Aiken.

Junior Sagamore—Charles Hutchinson.

Prophet—Monroe Johnson.

Previous to the election eight candidates for admission to the order were given the initiatory degrees and arrangements were completed for the purchase of a piano.

ORDER OF THE EASTERN STAR.

Last Tuesday evening was a "red letter" one in the existence of the Eastern Star chapter, of Kendallville, when they entertained the grand matron, Mrs. Mamie Conrad, of Warsaw, several members of the Fort Wayne, Avilla and Butler chapters, and representatives from other chapters.

The initiatory degrees were conferred upon two candidates, the officers of Noble chapter exemplifying the work, after which the beautiful floral degree was conferred. The officers of Noble chapter have a reputation for very admirable work in the exemplification of the ritual work, and this favorable regard was more than sustained on this occasion. Never have the officers conferred the degrees in a more beautiful and impressive manner.

After the work a fine entertainment program was carried out.

Dr. Harriet Stemen, of Fort Wayne, very gracefully presented the regrets of her father, Dr. C. B. Stemen, grand patron, who was detained from the occasion by business duties.

Those present from this city were Mesdames J. W. Clark, J. M. Graham, J. Metzner, H. Umpstead, J. M. Henry, J. C. Craig, William Grout, Isaac Allen; Mr. and Mrs. J. H. Brokaw Dr. Harriet Stemen and Miss Kate Foster.

MODERN AMERICAN FRATERNAL ORDER.

Anthony Wayne lodge, No. 42, Modern American Fraternal Order, met last night at the usual hour in the K. P. hall and initiated ten new members. The membership is now above 150. The lodge decided to have no meeting next Wednesday night because of the entertainment the lodge intends to give on Thursday, December 9 As this is the first entertainment Anthony Wayne lodge has given, no pains are being spared to make it equal to anything ever given in the city. The lodge has been fortunate in securing the well known entertainer and character delineator, Professor Lew V. Ulrey. Prof. Ulrey will entertain the audience with a number of his excruciatingly funny characterizations and facial contortions. Prof. Ulrey has made arrangements to seat old maids and "grass widows" in the amen corner. Mrs Ada Denner Ulrey and Miss Laura S. Bowser will give some twenty minutes of Delsarte attitudes, poses and aesthetic gymnastics in costume that will equal anything ever given in the city. Not least among the attractions of this entertainment will be the music of the well known and justly popular Emerson quartet.

Capt. Thomas W. Blair, president of Anthony Wayne lodge, has promised to sing a solo or two. Altogether a grand time is anticipated and one and all are invited to attend

INDIAN SCHOOLS.

Annual Reports of the Institutions Where Young Lo is Educated.

WASHINGTON, Dec. 2.—The annual reports of Indian schools show considerable progress at Carlisle, Pa., and Hampton, Va., the principal institutions. Superintendent Pratt, of Carlisle, reports an enrollment of 762 pupils at the beginning of the fiscal year and they include representatives of sixty-eight different tribes. Captain Pratt presents a strong advocacy of the Indian outing system, which he says enforces economy and saving. By this means the boys and girls at Carlisle earned $20,448 during the year. The total enrollment at the Hampton institute is 138, embracing representatives of thirteen tribes.

ENGINE EXPLODED.

Four Men Seriously Injured at Titusville, Pa., and Two Will Die.

TITUSVILLE, Pa., Dec. 2.—By the explosion of a "dinkey" engine on the new street car line of the Titusville Traction company, near East Titusville, four men were seriously injured, two fatally. The injured were: Jacob Miller, engineer; Charles Miller, his son; Edward Neely, laborer; M. B. Dunham, of Warren, Pa., president of the company. The two Millers were frightfully scalded and will die. Dunham and Neely received several scalp wounds and other injuries.

WAY TO STOP GAS WASTE.

Injunction Proceedings to be Filed in Indianapolis for a Test Case.

INDIANAPOLIS, Dec. 2.—The state proposes to step in and stop the waste of natural gas by injuntion. The supreme court will be asked to pass on the injunction case brought up from Madison county and point out clearly a way for the state to proceed. The excitement over the waste of gas through uncapped oil wells shows no decrease. Mass meetings were held yesterday in this city, in Alexandria and in several other gas towns.

New Trades Union Formed.

PITTSBURG, Pa., Dec. 2.—The wash-house operatives employed in the tinplate mills, dipping terne plates into the vats, have formed a trades union and will make application for admission to the American Federation of Labor at the coming meeting at Nashville. There are about 2,000 wash-house men employed in the different factories in the country, and it is claimed that a large number in the Pittsburg, Ohio Valley, Wheeling and Indiana districts have joined the new organization.

Mrs. M. Eva Peck, a practicing physician of Goshen, as she was entering her home was seized by a footpad, who attempted to throttle her, in an effort to secure her purse. Mrs. Peck made a lively resistance, finally loosening her throat so that she could scream, and in this way compelled the robber's flight.

The Greatest Discovery Yet.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at Dreier Bros.' drug store.

REINSTATEMENT LIKELY.

Captain Stephenson Will be Captain of Police Again.

NEW YORK, Dec. 2.—Corporation Counsel Scott has recommended to the board of police commissioners the reinstatement of John T. Stephenson as captain of police. Captain Stephenson was dismissed from the force in 1894 upon his conviction of accepting a basket of peaches as a bribe for non-enforcement of the ordinance against the obstruction of sidewalks by merchants in the downtown district. The conviction was recently reviewed and reversed by a higher court. The captain's reinstatement will carry with it the payment of $10,000 back salary.

DEMAND RENEWED.

United States Wants Indemnity From Turkey for Pillage of American Missions.

CONSTANTINOPLE, Dec. 2.—The United States minister to Turkey, James B. Angell, has renewed the demand of the United States for an indemity from the Turkish government for the pillage of the American missions at Kharput, Marash and Haskonje, Armenia. The port denies any responsibility for the pillaging on the ground that the government acted under the stress of unavoidable circumstances. Minister Angell, however, insists upon the government's responsibility, as Turkish troops and gendarmes participated in the outrages.

Home of Physicians' Institute.

PHYSICIANS' INSTITUTE, 1880 Masonic Temple, CHICAGO, ILL.

"Tears, idle tears, I know not what they mean," wrote the poet Tennyson. But tears always mean something. There are tears of melancholy, tears of joy, and of despair, and those saddest most pathetic tears of the nervous overwrought woman who has been bearing up as bravely as she may under a daily burden of weakness and dragging, torturing pain.

No wonder women weep. The wonder is that they are not oftener in tears for all they have to bear and suffer; and the saddest thing about it is how little their sufferings are understood. Even the doctor, nine times in ten says: "Oh, a little nervousness, that's all" or "neuralgia," or "insomnia," or "dyspepsia." If he suspects the real cause he insists upon examinations and local treatment,—about the very worst thing possible to a nervous, overwrought woman.

There is no need of these repugnant methods. Any woman may insure health and strength in a womanly way by the use of Dr. Pierce's Favorite Prescription. It cures the weaknesses and diseases of the feminine organism absolutely and completely. It was devised for this special purpose by one of the most eminent and experienced physicians in this country; an expert specialist in women's diseases.

For nearly 30 years Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Any woman may consult him by letter, free of charge. Her letter will be answered not by a mere nurse or uneducated, unscientific person, but by the most competent medical authority anywhere obtainable.

All women should read Dr. Pierce's thousand-page illustrated book, "The People's Common Sense Medical Adviser." It contains more clear and comprehensive advice on medical subjects than any other book ever published. A paper-bound copy sent free for twenty one one-cent stamps to pay the *cost of mailing only*. Or cloth-bound for thirty-one stamps.

Health is Wealth.

BEST OF ALL

Was Yesterday's Run Over the Pittsburg.

The Train Traveled 468 Miles in 565 Minutes, Including a Half Dozen Full Stops.

The special train which carried a party of Pennsylvania company officials over the Pittsburg, Fort Wayne and Chicago road Tuesday, and again yesterday, was put on for the purpose of ascertaining to what extent the time of the Pennsylvania limited could be reduced. A regular schedule had been prepared for the special and on the westbound trip the engineer endeavored to keep within its limits.

But when the train left Chicago at 9 o'clock yesterday morning, on the return trip, General Superintendent A. B. Starr, under whose supervision the experiments were being made, decided, if possible, to beat all previous long distance runs on that line and instructions were forwarded to Engineer Ed McDonald to "let 'er go," meaning that he should speed the engine to its greatest velocity consistent with safety, an order he immediately put into effect.

The result was that the train traveled from Chicago to Pittsburg, 468 miles, in exactly 565 minutes, averaging fifty miles an hour, including all stops and slow ups, and beating all previous records for so long a run.

From South Chicago to Fort Wayne, 135 miles, the time consumed, including a six minute stop at Hanna and four minutes at Warsaw, was 140 minutes.

Only 136 minutes were consumed in the run from Fort Wayne to Crestline, 131 miles, including a five minute stop at Lima and four or five slow-ups where there were railway crossings.

The entire western division of the road, which extends from Chicago to Crestline and is 279.5 miles in length, was traversed in five hours and eight minutes, which time includes, besides a half-dozen or more slow-ups, full stops as follows: Hanna, six minutes; Warsaw, four minutes; Fort Wayne, six minutes; Lima, five minutes; total time lost, twenty-one minutes.

Deducting the time consumed by stops and slow-downs, the estimated average speed of the train, Chicago to Pittsburg, was 58.4 miles per hour. Mile after mile of this distance was reeled off in forty-eight seconds and on several occasions the velocity of the train was even greater.

The train consisted of two private cars, a coach and a baggage car, and it was hauled over the western division by engine 70, with Engineer Ed McDonald at the throttle.

STRIKES A BONANZA.

Rich Discovery Made in the Topeka Group in Colorado.

DENVER, Col., Dec. 2.—The Topeka group of mines in Gilpin county owned by John F. Lovejoy has proved a bononza, although former owners could not make it pay. Lovejoy bought the mine from Denver parties last June for $160,000. In cutting an upraise from the 800-foot levee a cross cut was run to the hanging wall where a streak of ore was struck which assays $2,000 to the ton. The vein has been drifted on and sunk for a distance of sixty-five feet, thereby uncovering more than enough to pay the entire cost of the mine. The vein is of uniform width the entire distance,, with the prospects of continuing indefinitely, which promises many millions. The ore is white quartz filled with specks and nuggets of free gold.

REPORTS FOR DUTY.

Frank Iten Released by the Waterworks Trustees.

The Office of Waterworks Inspector Declared Abolished, but Mr. Iten Will Not Have It That Way.

There is blood on the moon at the waterworks office. A month ago the waterworks trustees decided to declare the office of waterworks inspector abolished and dispense with the services of Mr. Iten, who has filled that position for the past twelve years. It was announced that Mr. Iten resigned, but he has done nothing of the kind. In fact, he considered himself in the employ of the city to stay until next February, which time he claims he is allowed to serve under appointment of last board of trustees. Mr. Iten reported for duty this morning and it appears that it is his intention to show up for work every morning just as if nothing had happened. As he has been declared relieved from duty the matter is regarded by observers as being more or less funny. As no commission is issued to Mr. Iten it is doubted that he can serve longer than the board of trustees desire to keep him.

CHARITY FESTIVAL.

First Rehearsal of the Cantata, Egypta, Last Evening.

Leading Fort Wayne Singers Will Assist—Young Girls From the Public Schools Take Part.

Had any doubt existed as to the popularity of our Associated Charities, that doubt was effectually dispelled by a visit to last night's first rehearsal for the charity festival, which is to be held in the Masonic Temple Dec. 20, 21 and 22.

In response to the invitation issued by the committee of arrangements, the city hall was filled with Fort Wayne's leading singers. Even at this first rehearsal the music was sung with spirit. That all were pleased with the score of "Egypta" was demonstrated when the singers seemed reluctant to close the rehearsal, asking to sing "just one more number."

At the afternoon rehearsal for the auxiliary chorus of young girls from the public schools, nearly three hundred were present. Their readiness in taking up the music and their perfect intonation shows the excellence of their instruction in the public schools. The adult singers meet again tonight at 7:30 o'clock.

DEDICATED TO C. A. ROBBINS

There were three Crows sat on a tree,
Talking as busy as busy could be,
And as I passed by I heard one say,
Have you been to the Art Exhibit today.

Has the Art Exhibit really begun?
It has, said the Crow, with his face full of fun,
To the Berry street church, it will pay you to go,
And take a good look at the wonderful show.

There are pictures and pictures where ere you may gaze,
And furniture lovely, that will you amaze,
And objects of art, all scattered around,
No lovelier sight could ever be found.

There's one thing will hurt you—I'm sorry of that—
You'll see pretty of girls, with Crows on their hats,
But perhaps they don't know any better, you see,
These mortals are just as queer as can be.

So come, let us go, said the Crow to the rest,
And view this Exhibit, as well as the best,
I'm not going, said one, nor I, said the other,
To the pain and surprise of their black coated brother.

Not going? cried he. Why, mercy me! laws!
Why ain't you going? They answered him, Caws.

—Mrs. T. R. Spalding.

With the expiration of his lease next February Will M. McKinnie will retire from the Wayne hotel business and that hostelry will pass into the hands of a new management. Negotiations have been open for some time with different parties, but Mr. McKinnie has failed in finding a satisfactory purchaser until, perhaps, today. Dick Townsend, none other than the former popular landlord of the Randall, and late of the Grand hotel, Indianapolis, is very likely to be the next manager of the Wayne. While the papers have not been closed, the indications are favorable for the change as stated. Mr. Townsend is in the city today and has been in consultation with J. C. Peters, owner of the building, and Mr. McKinnie, who owns the furnishings.

The retirement of Mr. McKinnie marks the loss of an energetic and popular landlord to the hotel business of Fort Wayne and one who has built an unassailable reputation for the house that he has conducted since it was first opened. His future plans are not known. Mr. Townsend would be competent to sustain the splendid character of the hotel and to hold to the hostelry a strong following of the traveling public.

Harry J. Buell Brings Out a Great Patent.

A Bicycle Lamp That Eclipses Everything Heretofore Attempted—A Calcium Light.

Harry J. Buell, mention of whose patent of a chainless bicycle gear was made in THE SENTINEL Tuesday last, has brought to the front another invention almost as important to the devotees of the wheel as the gear. It is a light constructed along different lines from anything heretofore attempted and has many good points which other inventers have aimed at but never reached.

Underneath the bicycle seat is a reservoir containing calcium carbide, one drop of which in a liquid forms asceteline gas. The tubeing of the bicycle is used for a generator and conveys the gas to a lamp set in the tubeing of the headpiece and is equipped with a burner similar to an ordinary gas tip, and is turned up or down the same as the common gas jet. The light produced is a genuine calcium of wonderful intensity, and will not shake down, jar out or blacken the globe, the three most annoying features of the lights now in use.

Mr. Buell is an inventor of wide experience, there being in the market today more than twenty articles of which he is the patentee, and every one of them wonderfully successful.

A FORECAST

Of President McKinley's First Annual Message to Congress.

Currency Problem and Foreign Relations the Chief Topics Treated—Message Will be Unique in Some Respects.

WASHINGTON, Dec. 2.—The message of President McKinley will be devoted practically to the subjects of our foreign relations and the currency problem. It will be unique in one respect in that it ignores the great bulk of matters usually constituting the departmental portions of presidential annual messages. There is scarcely a reference to the subject matter of the annual reports of the cabinet, the president's purpose being to call attention only to the more important affairs of the government. For this reason the postal savings project of the postmaster general is not discussed in the message.

While the details of the currency plank are not definitely known, it can be authoritatively stated that it is in the main an incorporation of the views submitted by Secretary Gage, though as to details the president leaves himself freedom of action by not taking any position with reference to several features of the secretary's plan while endorsing its main object.

A strong presentation of the Hawaiian question is made and congress is urged to take immediate action by ratification of the treaty of annexation. This part of the message strongly depicts the necessity for making the island part of the domains of the United States and reviews advantages that would accrue to the country by its possession.

As to Cuba the message calls attention to the recent trend of affairs on the island, refers to the scheme of autonomy just offered by Spain and, after reciting other developments in the situation, reaches the virtual conclusion that existing circumstances do not warrant interference in the affairs of the island.

Considerable attention is paid to the reciprocity negotiations with various countries in Europe. Special Commissioner Kasson has been working on this subject for some time and the message deals with some of the developments of negotiations already held and expresses the hope of the administration to secure satisfactory results in the future. The policy of the administration on this subject is outlined, and, citing French champagnes as an illustration the point is made that if special concessions are given any foreign products the United States must be given equal treatment by reciprocal concession.

The Alaskan problem is discussed at some length and a plea is made for congressional legislation, including the extension of the operation of the public land laws and the granting of rights of way for roads by which all parts of the country may be made more accessible.

TEN DROWNED.

Watery Graves for the Crew of an English Lifeboat.

A Volunteer Life Saving Crew at Margate Goes Down While Putting Out to a Distressed Ship.

MARGATE, Eng., Dec. 2.—The volunteer life boat belonging to this place capsized this morning off Nayland rock. Of the fourteen men comprising her crew, ten were drowned. The Margate life boat, when the accident occurred, was on her way to rescue the crew of a large vessel, supposed to be the Persian Empire. The life boat was about two miles off shore when she was overturned.

CURE FOR HYDROPHOBIA.

Indian Specific for Rabies to be Tested by Physicians.

LOS ANGELES, Cal., Dec. 2.—For many years it has been known that the Yaqui Indians of Sonora, possessed a vegetable specific remedy for hydrophobia, which was not only sure and efficacious, but perfectly harmless. While always ready to apply when needed, the Indians have kept its constituents a profound secret. Recently Dr. J. S. Bell, a specialist, now at Hermosillo, has secured from the Yaquis their valuable secret, and a large quantity of the herbs necessary for its manufacture, and will return to the United States to introduce the remedy throughout the country. It is believed that its certainty and safety, combined with its almost insignificant cost, compared with visiting a Pasteur institute for treatment, will cause it to become the generally accepted remedy for rabies.

NOBLE ON INJUNCTIONS.

Former Secretary of the Interior Talks to Purdue Students.

LAFAYETTE, Ind., Dec. 2.—Ex-Secretary of the Interior Noble, of St. Louis, today delivered the third of a series of lectures on railroad topics before the students of Purdue university. He was introduced by his former chief, ex-President Benjamin Harrison, a member of the board of trustees.

General Noble in the course of his address said, referring to injunctions:

"The writ of injunction that prohibits a lawless attack upon property or a reckless obstruction of the functions of government has proved an efficient process of the law, to secure at least a fair hearing on the merits of the case. The right of the courts of chancery to issue the writ of injunction and to try by the court itself violators of its command, without appeal, has grown up along with the right of trial by jury."

TWO FAILURES.

Enterprising Bandits Who Get No Booty.

A Bank Safe Attacked at Milford and a Passenger Train Held Up in Iowa.

WARSAW, Ind., Dec. 2.—Five robbers entered Miles & Hughes's bank at Milford, early today. They bound and gagged Night Watchman Milton Stiffly. Dr. Black, who passed on his way home, was also seized and gagged. The robbers then drilled a hole in the safe and several charges of dynamite were exploded, but only disfigured the safe without opening it. In their rage the robbers burned $1,000 of valuable securities and departed, leaving no clew.

KEOKUK, Iowa, Dec. 2.—One lone robber, with his face hidden by a mask and armed with a revolver, attempted to rob the passengers of the northbound St. Louis, Keokuk and Northwestern train, which arrived here early this morning. A minstrel troupe and a theatrical company were aboard the cars. The robber got on at Lagrange, Mo., about forty miles below here. Soon after the train left Lagrange the desperado, who had taken a seat in the smoking car, put a mask on his face, and drawing a revolver, started through the car. He demanded the money and valuables of the passengers. There was a scramble to get out of his way, but some of the men in the coach stood their ground and attempted to disarm the bandit, who fired three shots from his revolver, none of which took effect. He lost his mask in the scuffle and finally escaped to the platform, from which he sprang to the ground while the train was going at full speed. The bandit secured nobody and his mask is in possession of one of the theatrical party.

ST. LOUIS, Dec. 2.—A special to the Post-Dispatch from San Antonio, Texas, says: "Advices were received here this morning of an attempt to hold up and rob a passenger train on the Mexican National road, near Monterey, Mex., by nine masked and well armed Mexicans. The passengers made resistance and the outlaws were unsuccessful. They are being pursued by soldiers and if captured will be shot."

MARRIED.

Henry George, Jr., and Miss Marie Hitch.

The Affair Quietly Conducted at the Bride's Father's Home Much Sorrow at Bridewood.

CHICAGO, Dec. 2.—The marriage of Miss Marie Hitch, daughter of Capt. E. V. Hitch, formerly of New Orleans, to Henry George, Jr., son of the late Henry George, of New York, was celebrated today at the home of the bride's father, 255 Ontario street. The wedding was a quiet one owing to the recent death of Mr. George's father. Only the most intimate friends and relatives witnessed the ceremony, which was performed by Rev. John Rush, of the Militant church. The bride, who was simply but handsomely gowned in white silk and lace, was attended by her sister, Miss Ellmore Hitch, as maid of honor, and the groom was attended by Ralph Crawford, of New York, as best man. A wedding breakfast was served, after which Mr. and Mrs. George left for Washington. Mrs. and Miss George, mother and sister of the groom, were among the wedding guests. The young couple first met during the world's fair, although the families had been intimate for years, the acquaintanceship was renewed when Henry George's father came west during the last presidential campaign to make speeches for W. J. Bryan, and this summer while Miss Hitch was visiting Mr. and Mrs. George in New York the engagement was announced. The wedding was to have taken place a week ago, but the sudden death of Mr. George's father during the heat of the New York mayoralty campaign caused a postponement until today.

MOTHER M'KINLEY

Suffers a Paralytic Stroke This Morning.

The Attack is Mild but Her Extreme Age Makes Her Recovery Very Doubtful.

CANTON, Ohio, Dec. 2.—Mrs. Nancy Allison McKinley, mother of the president, was stricken with paralysis this morning, and it is feared that her death is only a question of a short time. The paralysis at present is of but a mild form, but owing to her extreme age, nearly eighty-nine years, Dr. Phillips, the attending physician, can give but little hope to the family.

Abner McKinley, of New York, has been visiting here for a few days, and when his mother was stricken this morning, immediately communicated with the president by telephone. The latter asked if he had best start at once, to which Abner McKinley replied that he had best wait a further report from the physician, who would make a call in time to advise by 1 o'clock.

The physician's statement to the family was that there was little doubt that the attack would ultimately result in death, but that there was no indication yet as to just when the end might come.

The attack was very light, and in a younger person would not necessarily be regarded as dangerous, but to one of her advanced years there is every probability that the attack will become aggravated. The end, he said, might be in a short time or it might be in a week or even a longer interval.

Mother McKinley, for some time, has not been in real good health, having suffered from a mild form of grip, with which she has been afflicted, and she was able to be up and about the house. Wednesday she seemed to have materially improved and her bright and cheerful humor was especially noted by the members of the household. Abner McKinley remarked that he had not seen her in such apparent good spirits for years.

She retired as usual Wednesday night, occupying a room adjoining that of her daughter Helen. About the hour the family usually arises this morning Mother McKinley walked to Miss Helen McKinley's room and awakened her.

The latter addressed her mother, and receiving no answer surmised that something was wrong. She immediately dressed and summoned the household and later a physician.

Except in the failure of the vocal organs, Mrs. McKinley shows but little evidence of the paralysis. She is in full possession of her mental faculties, recognizing all of the family and others who see her and taking an interest in whatever transpires. A letter was received from the president this morning and was read to her by Miss Helen McKinley, who inquired if she understood the letter. To this Mother McKinley nodded her assent. Her physical powers up to noon were but little affected by the paralysis. She was able to walk to her daughter's room before her illness was known and since seems able to handle herself almost as well as usual.

MURDER AT A GRAVE.

Alexander Owens Kills Alexander Lawrence at Terre Haute.

TERRE HAUTE, Ind., Dec. 2.—Alexander Owens, a marble dealer, became enraged at Alexander Lawrence, an employe at the cemetery, and struck him a fatal blow as they stood on opposite sides of a grave.

Owens was placing a monument at the grave when Lawrence suggested that the base was not in a good position. Owens resented what he termed the interference of Lawrence and seizing a heavy oaken roller struck Lawrence on the head before the other workmen could prevent him.

Lawrence's skull was crushed and he died several hours afterward.

MAIL CLERK ARRESTED.

C. W. Merritt Trapped by Means of Decoy Letters.

PITTSBURG, Pa., Dec. 2.—C. W. Merritt, of Mansfield, Ohio, was arrested this morning for robbing the mails. Territt was employed as a railway postal clerk on the Fort Wayne railroad between Crestline and Pittsburg. For a long time the postal officials have been troubled with complaints of money being stolen from letters. Two decoy letters, with marked money, were found in his pockets when arrested.

WILL STOP THEM.

"Missing Word" Contests Under the Ban of the Postoffice Department.

WASHINGTON, Dec. 2.—The postoffice department is taking a firm stand against the so-called "missing letter" and "missing word" contests which are being conducted by a number of publishers to increase the subscriptions to their papers. The lottery law directs that the postmaster general, upon evidence satisfactory to himself that a concern or person is operating through the mails a lottery, or scheme offering prizes dependent upon lot or chance to prohibit the delivery of all mail matter to it. All newspapers and periodicals containing advertisements of this character are forbidden transmission in the mails. This law, it is now announced at the postoffice department, will be applied to all schemes which are violations of it if they are continued in operation or advertisements of them are published. Missing letter contests are held to be such violations because many correct answers can be given, but only one list is deemed the "correct list" by the promoter of the scheme. The chance consists in guessing what words compose the so-called "correct list." Such schemes are held to be especially obnoxious, owing to the skillful wording of the advertisements which make the chance for obtaining a prize more remote than in the defunct Louisiana lottery.

SHE WAS SWINDLED.

Mrs. Julia French Invests Unwisely.

Buys Stock in a Gold Mine Which Has no Existence Only in Her Imagination.

DENVER, Col., Dec. 2.—The Republican today publishes the following dispatch from Cripple Creek in regard to the Fortune Gold Mining company, the promoters of which are accused by a wealthy Boston lady of having swindled her out of a large sum of money. The Fortune Gold Mining company, ostensibly of Cripple Creek, but in reality of Boston, owns undisputed right to three claims located in the granite somewhere with a few miles from the Cripple Creek district. There is very little probability that the title of the company to the property will ever be brought into dispute. It is to recover $10,500 paid for stock in this company that Mrs. Julia D. French, a wealthy society woman of the Back Bay district of Boston, has caused the arrest of Hamilton Gavot, Francis Appleton and William Beech Abbott, all of that city. The prospectus of the Fortune company is one of the most glowing that has ever appeared in Cripple Creek from the far-away Hub. In it the purchaser of stock, which is offered for sale at fifty cents a share, is led to believe that the claims owned by the company are among the most valuable in the heart of the Cripple Creek district. The people of Boston have suffered heavily from companies of this class formed by their own people, and the parties arrested have a number of similar claims to be located in similar far-away hills adjacent to the Cripple Creek district.

BOAT BURNED.

The Egyptian Completely Destroyed in the Lake.

A Passing Steamer Picks Up the Crew and the Burning Boat is Left to Her Fate.

HARRISVILLE, Dec. 2.—The steamer Egyptian, bound from Cleveland to Milwaukee with a cargo of coal, burned to the water's edge in Lake Huron last night, off Sturgeon Point. The fire was discovered by the Sturgeon Point life saving crew about 8 o'clock, who started at once to the rescue, arriving at the burning boat at 11 o'clock. On the way to the steamer the life saving crew passed a barge which had taken the Egyptian crew off, but the life savers continued on their way with the hope of being able to save the burning hulk. There were twelve vessels around the Egyptian during the early part of the fire, but by the time the life savers reached her they were all gone. Without help of any kind at hand, the life savers were compelled to leave the Egyptian without doing anything after rowing about thirty-five miles in weather nearly to zero. None of the life savers suffered permanent injury from the cold. Captain Henderson who was in command of the life saving crew, deserves great credit for his heroic endeavors to save the Egyptian. He might have been able to have done something had not all the vessels sailed away when the life boat was still two miles away from the burning vessel. The Egyptian was owned by Nelson S. Whipple, of Detroit, according to the blue book. She was of 1,296 tons and was 232 feet long by twenty-six feet beam. She was built in 1873 and was several years past the time when she was a money maker.

More Gold Veins Discovered

CRIPPLE CREEK, Col., Dec. 2.—The northern boundary of the Cripple Creek gold district has been extended three miles by the discovery on Copper Mountain of an immense blanket vein of ore running from $10 to $150 per ton in gold. The ore lies near the surface and is mined with plow and wheelbarrow. In the opinion of many mining men Copper Mountain is likely to prove one of the richest hills in the camp.

GEN. PANDO SLAIN.

Spanish Commander Killed in a Battle With Insurgents.

A Fierce Engagement Reported in Which Spanish Losses Were Heavy—Havana Greatly Excited.

NEW YORK, Dec. 2.—A dispatch to the Herald from Havana says:

A report that General Pando, who was placed in charge of military operations in Cuba by General Blanco, has been killed in an engagement with insurgents in Santa Clara province has just reached Havana. This report has caused the most intense excitement in the palace and official circles. No details of the killing of the Spanish commander have been received beyond the statement that he was shot in a battle with a force of insurgents who were on the march from Sagua La Grande to Trinidad.

General Pando's plan was to march right through the heart of the territory which General Gomez's force is declared to have controlled. Simultaneously with the report of General Pando's death, comes news of a battle with insurgents near Manicaragua, in which the Spanish forces were routed and driven from the field. This engagement was lately fought and it is asserted that the losses of the Spaniards were very heavy.

BODY EXHUMED.

The Skull of a Suicide is Sent to Some Experts in Contest of a Will.

SAN FRANCISCO, Cal., Dec. 2.—Mrs. Wm. E. Hawley committed suicide at Oakland September 1 and the coroner's jury returned a verdict of suicide that same afternoon. The remains were buried the following Thursday at her former home at Napa. The will that Mrs. Hawley left, bequeathing her property to her husband, has been contested by her brothers and sisters. Her remains have been exhumed and her skull is now in the hands of San Francisco chemists for examination. The relatives charge that the will produced by her husband, which is intended to benefit him to the extent of $10,000, is a forgery, and while they will say nothing as to the purpose of the examination of the skull, they have put detectives on the case and the supposition is that they will try to prove that Mrs. Hawley did not commit suicide.

TO STOP LYNCHING

Governor O'Farrell Submits a Remedy in His Annual Message.

RICHMOND, Va., Dec. 2.—In his message to the general assembly, which convened yesterday, Gov. O'Farrell discusses the lynching question and proposes legislation to correct the evil.

He urges that a heavy pecuniary penalty be imposed on each county and city in which a lynching occurs; that wherever the military may be called out to protect a prisoner in a county or city such county or city be charged with the expense thereof, and that officers who allow prisoners to be taken from their custody without first having exhausted all possible means to protect their prisoners be summarily suspended until the question of dismissal shall be determined by a jury. Also that there be only one penalty for assault, and that death.

HANNA HAS THE GRIP.

Will Not be Present at the Opening Session of the Senate.

CLEVELAND, Ohio, Dec. 2.—After several days of indisposition, Senator Hanna has thrown up his hands and gone to bed. He has the grip, but is not dangerously ill, his doctor says. At the same time he has severe headaches and must keep to his bed for a week.

He had been carefully nursing himself with the view of being in shape to go on to Washington and be in his seat in the senate when congress convened for the regular session. It has been at least four or five days since he visited the office and he was saving himself, but it was no use. He finally had to go to bed and call a doctor. Yesterday morning Colonel Dick received word by telephone of the state of affairs. The senate will be one short when it gets to work.

It now has over 100 names on its roll, including some of our best citizens. The committee in charge have spared no pains to make this an occasion to be long remembered by the Ancient Order of United Workmen in this city. A cordial invitation has been extended to our sister lodges, No. [illegible], and let every loyal workman with their family and friends be present and help us celebrate. THE DEATHS.

Demise of Mrs. A. N. Hanna This Morning.

Mrs. C. M. [illegible] Succumbs After a Long Suffering—Emanuel Weisser Dies at Corry, Pa.

Mrs. A. N. Hanna, of No. [illegible] Fulton street, died early this morning of cancer of the breast. Deceased was almost forty-two years of age, and leaves, besides the husband, two sons, aged fourteen and ten years. The remains will be shipped to Bluffton for interment next Saturday. The remains can be seen by friends all day tomorrow at the residence.

WEISSER.

Councilman Frank X. Schuler has received a telegram from Corry, Pa., announcing the death of Emanuel Weisser, whose illness was noted in THE SENTINEL a day or two ago. Mr. Weisser was an old resident of Fort Wayne, coming here from Germany in the early days. He was a tanner by trade and after living here a few years established a tannery on Spy Run avenue, which was one of the leading industries of its kind in northern Indiana. A few years ago he sold out and moved to Corry, Pa., to embark in the same business with his son, Frank Weisser. The deceased left a large estate, including in which is considerable property in this city.

AMBRUSTER.

Mrs. Anna Mary Ambruster died yesterday afternoon at her home, 130 Horace street, of diabetes. She had been a sufferer for several years. She was seventy-nine years of age and a native of Germany, but came to this country when a young girl and the greater part of the time has since made her home in Fort Wayne. She leaves a husband, Lorenz Ambruster, a well known watchman at the works of the Western Gas Construction company and two children. There are also three grandchildren, who lived at the home.

The funeral will take place Saturday at 8 a. m. from the house and 9 o'clock from St. Peter's church.

A NEW CHURCH.

Division Proposed for the St. Paul's Congregation.

Fletcher Homestead Property To be Purchased for the New House of Worship and Schoolhouse.

Owing to the growth of the St. Paul's Lutheran congregation the inevitable result of overreaching the capacity of the handsome church on Barr street has been a matter of discussion for some time. Today material steps in the direction of a remedy for the fast approaching condition were taken and it is safe to say that before very long a new church building and school house will be erected in the Eighth ward. The trustees of the church are negotiating for the purchase of the Fletcher homestead property, on Walton avenue, and terms have virtually been agreed upon. It is proposed to first erect a school house in the spring, the church building to be built later in the season. This new house of worship will accommodate the large number of members in that part of the city and give a chance to centralize the St. Paul's district. The expenditure for this church improvement will be considerable.

BARN BLAZE.

E. Hettinger Sustains a Serious Loss by Fire.

Thirty Tons of Hay and the Contents of the Granary Together With Farm Implements, Destroyed.

E. Hettinger, a farmer residing three miles northeast of Maysville, was in the city today to file notice of a fire loss with the Allen County Farmers' Insurance association. Mr. Hettinger's large barn, with all its contents, burned to the ground and it was with great difficulty that the other buildings were saved. The fire was started by incendiaries while the farmer was at Maysville Tuesday night. In the barn was stored thirty tons of hay and a large amount of grain, besides the valuable machinery used in farming. His insurance amounts to $1,000, which will not half reimburse him for the loss.

SUGAR BEET MEETING

Farmers of Lake Township Addressed by W. F. Devilbiss.

A sugar beet meeting was held last night held at Jones' school house in Lake township. Levi Binkley presided and the meeting was addressed by W. F. Devilbiss. A large number of the representative farmers of the township were at the gathering and much interest was shown in the culture of sugar beets. Among those who were present 15 acres of sugar beets were pledged.

A meeting will be held at the Walden school house tomorrow night.

The Tipton meeting was addressed last evening by H. W. Tenbrook, who has had a personal knowledge of the sugar beet industry in the Netherlands. He has made a study of the subject and its possibilities in this state and gave the citizens certain information about it. He showed that it is not only possible to grow sugar beets in this country, but that certain success would attend the efforts. Speeches were also made by Dr. Balson, Otto Gross and W. E. Dodd.

DIVORCES GRANTED.

Marital Bonds Dissolved by the Courts.

Judgment Rendered in the Suit Against the Perfection Manufacturing Company—The Court News.

In the superior court today Chas. Rau was granted a divorce from Opal Rau. Both the principals to the suit are well known in Fort Wayne. The complaint alleged cruelty and desertion on the part of the defendant. The plaintiff declared that his wife had treated him very badly and had thrown flatirons at him and threatened to throw vitriol in his face. The defendant was not in court, but was represented by her attorney.

In the circuit court today William B. Kelley was granted a divorce from Lena Kelley. Cruelty was alleged in the complaint.

FIENDISH DEED.

The Head of a Family Tries to Kill Them.

Tied His Wife and Children to a Beam and Then Assaulted Them With a Knife.

WILMINGTON, Del., Dec. 2.—A special from Milford, Del., to Every Evening says that Salvage Bidderback, a charcoal burner, who, about a year ago, moved from New Jersey to Dogletown, a Maryland village near the Delaware line, attempted to kill his family last Monday evening. Bidderback returned to his cabin about 10 o'clock and said to his wife:

"I have just learned to use the kind of sword the Cubans use. Now, I want all of you to stand up."

In order to humor him she and the children arose, when he tied their hands with a piece of cord, which he fastened to the rafters. Obtaining a corn knife which was in an adjoining room, he commenced cutting his family, inflicting some dreadful wounds. Before he could complete his fiendish work his son came home. Bidderback becoming alarmed, seized his army musket, ran out doors and fled to the woods. The son summoned a physician and notified the neighbors. A posse was quickly organized and search for the assailant was begun, but as yet Bidderback has not been found. The villagers threaten to lynch him if he is found. The condition of Mrs. Bidderback and the children is serious.

THE "cabinet crisis" appears to have assumed the malignance of a fad in Europe. First Greece had one, then Spain. Austria is just catching her breath after dallying with the fashion, and France now is about to have one.

KAISER WILLIAM has decided to send no warship to bring little Hayti to terms. It may have been respect for the Monroe doctrine and the country that stands ready to enforce it, or it may not. Any way, the German gunboat is not coming.

WITH the new gold discoveries in the Klondike, Australia and Siberia monopolizing public attention, little attention has been paid recently to the American mines. Yet the figures show that the sixteen most prominent gold mining companies in this country have paid, all told, nearly $10,000,000 in dividends to its stockholders. Unfortunately for the reputation of the American mines where one pays dividends a score or more prove absolutely worthless. But this is always the case and investors should not be led to believe that the Klondike securities will prove any exception.

IF THE greenbacks are to be retired, bonds must be issued for that purpose. What the average citizen wants to know and cannot find out is what good is to come of converting a non-interest bearing debt into a debt that does bear interest. That is a part of the plan of currency "reform" proposed by the administration.

AFTER a ten years' struggle Duluth has finally acquired possession of its water works. It pays $1,250,000, while the price heretofore demanded was $2,100,000. The water company spent nearly $500,000 in elections and litigation during that time. The prospect of Duluth building a municipal plant at once brought it to time.

GEORGE CLEVELAND was sold in New York the other day for $25. He was only a horse, however, and was once owned by the former president whose name he bears. The animal is a full brother of the great gelding Azote and had the making of a fleet stepper, but he wasn't trained right. No analogy is intended in these observations.

A NUMBER of Turks, immigrants who believe in polygamy, were turned back at New York. It appears that the interpreter who put the questions was an Armenian and he managed to make them testify that they believed in the Koran, which sanctions polygamy, and were therefore polygamists and disqualified for admission here. The young men protested that they were bachelors and had no intention of getting married, but that made no difference. One Armenian seems to have got even at the expense of the "unspeakable Turk."

THE report of Dr. Wyman, surgeon general of the marine hospital service, on the late epidemic of yellow fever in the south, reveals another question to be decided in connection with what may be called the Cuban question at large. Dr. Wyman officially states that Havana is the source of the yellow fever, which visits our country at frequent intervals, causing loss of life and property. Havana is a constant hotbed of yellow fever and for the reason that the government of Havana enforces no sanitary regulations whatever. At present the mortality at Havana from yellow fever—which always prevails there—is increased by the short supply of food in the city, in other words by starvation. In different hands than those of Spain the harbor of Havana would be cleansed and precautions taken against yellow fever, just as has been done at Vera Cruz.

Chronic Paupers.

A singular and striking report, probably the only one of the kind ever made in this country, has just been completed and issued in New York city by the committee on statistics of the Charity Organization society.

The committee is composed of Richmond Mayo Smith, professor of political economy and social science at Columbia university; Franklin H. Giddings, professor of sociology at Columbia university, and Frederick W. Halls. The report consists of a careful analysis of the records of 500 families from the time they applied for aid in 1890 until September 1, of this year. In referring to the repetition of applications for relief the report says:

"There is a disclosure of chronic pauperism. This pauperism exists to a large degree because of the incapacity of men and women to support themselves. Their condition is due, investigation shows, to a lack of moral development. Of the persons who appealed for aid the largest number were married men and women. Widows with children came next. Of the 500 applicants 170 were Irish and 132 were natives of the United States. Many of the latter were persons who had lived in this city less than a year. The list includes 122 men of good character and 231 women of good character. The remainder were professional beggars, criminals and chronic paupers."

There is no way to deal with this class of chronic indigents. They are helpless in a measure, as pointed out in the foregoing extract. There is a moral and intellectual incapacity for which there is no remedy and the best, perhaps, that can be done is to furnish them subsistence when it is required. Hostage for the future might be taken in preventing, if possible, the intermarrying of people of this class and the propagation of their kind to a large extent cut off. But even this is a doubtful expedient. Verily, the poor we have always with us.

FIELD'S TERM EXPIRES.

Aged Supreme Court Justice Is Now a Private Citizen.

WASHINGTON, Dec. 2.—Justice Field's retirement from the supreme court, of which he gave official notice to the president last April, took place yesterday. The justice was not present in the court room and as he had not sat with the court on any day since the opening day of the term the proceedings did not differ in any respects from those of ordinary days.

It had been supposed that the general transfer of the seats of the associate judges, which always occurs when the senior associate retires, would take place, but even this formality was postponed until Monday next. Justice Harlan now becomes the senior associate.

If Justice Field's term had continued until next Tuesday he would have had forty-four years of continuous service. Under the law he will draw full salary until his death.

DIFFER AS TO UNION.

Indiana Societies of Sons of the Revolution Fail to Agree.

INDIANAPOLIS, Dec. 2.—The Indiana Society of the Sons of the American Revolution, at the meeting last night, unanimously approved the proposed consolidation of this organization with the Society of the Sons of the Revolution, the new association to be known as the Society of the American Revolution. The Indiana branch of the Society of the Sons of the American Revolution have resolved, however, to oppose the proposed consolidation, and the statement was made that two thirds of the eastern states had taken or would take similar action.

Harmony hall, Wednesday evening, December 8, at which important business will be transacted. The election of officers for the ensuing year, addresses and suggestions under the head, "Good of the Order," will be participated in by the sister and brother members. Progressive pedro will be next on the program, the awarding of two first and second booby prizes to each lady and gentleman winners and losers, then refreshments will be served. Judging from past experience, they logically expect a jolly good time. The new charter is now on exhibition in Root & Company's window, where it will remain for three days more.

ELKS.

The annual memorial service will be held in the lodge rooms on next Sunday afternoon, Dec. 5th, it being the first Sunday in December, which has been designated and dedicated each year as a day in which shall be commemorated by every lodge of Elks the memories of our departed brothers.

Since the last memorial service three brothers have departed this life, viz: Brothers E. J. Erickson, H. J. Lapp and John Hamm, and it is to eulogize and commemorate their memory, as well as the memory of brothers who have gone before them that the members meet next Sunday.

The committee in charge of this memorial service have for good and sufficient reasons decided not to have a large public memorial service this year, but all brothers are requested to be on hand and take part in the ceremonies and to invite such friends as they desire to be present.

Good music, appropriate to the occasion, will be a part of the exercises. Brothers and their guests are requested to be at the lodge rooms promptly at 1:30 p. m.

The committee in charge is as follows: W. W. Mungen, A. C. Alter, F. S. Lightfoot, Sid Hubbard.

U. R. K. OF P.

Last Thursday evening a meeting was held to push along the organization of a company of the Uniform Rank, K. of P., at New Haven, and the following officers were elected:

Captain—Jas. W. Dalyard.

First Lieutenant—E. C. Carter.

Second Lieutenant—Geo. C. Pickett.

Recorder—Wm. D. Gorrell.

Treasurer—Jas. W. Harlor.

There are five non-commissioned officers to be appointed, and the new organization will start with twenty-one charter members. When it came to select a name New Haven was almost unanimously chosen.

The new company will belong to the Ninth regiment, under command of Col. C. E. Graves, of this city, and the boys will try and get in shape for the supreme lodge meeting at Indianapolis next summer. This gives New Haven two uniformed bodies, the other being the Knights of St. John.

K. OF P.

Next Monday evening E. V. Emrick will address knights at Phoenix hall on the subject of "Pythianism." All brothers are invited to be present.

Fort Wayne, No. 116, has appointed the following committee to make preparations for a big reception to be given by the lodge January 6th: H. I. Smith, chairman; Charles Young, T. N. Roach, C. K. Ransom and George Essig. The affair will be on a broad scale and it is desired to have every Pythian knight in Fort Wayne present on the occasion. The lodge has held aloof from anything of this kind owing to the fact that the Odd Fellows' building was not provided with an elevator. This objection has been removed and a fine elevator will be in operation by the time this reception is given.

KNIGHTS AND LADIES OF COLUMBIA.

The Knights and Ladies of Columbia meet every Wednesday evening in K. O. T. M. hall on Calhoun street. Although a young order it is in a very prosperous condition and is composed of some of the best citizens. On Thursday evening, December 9, they will give an entertainment and supper in K. O. T. M. hall, when the following program will be carried out:

DAUGHTERS OF POCAHONTAS.

The entertainment given by Minnewa council, No. 49, last Saturday evening was a decided success in every way. It not only shows the interest the members take in the lodge but it shows what they can do when it comes to entertaining their friends. Owing to the fact that this entertainment was given on their regular meeting night they decided to call an extra meeting next Saturday, at which time they will nominate officers for the ensuing term; also act on the applications of several parties.

WEARING BADGES.

Many of the orders of this state have taken up and are enforcing the law in regard to persons wearing badges and emblems of orders who are not members. The Jr. O. U. A. M., of Monroeville, have taken this step and it is a proper one, as there are entirely too many impostors who are so using their living and making assistance from members of orders in good standing. There are several of this class in Monroeville and they should take warning, as the penalty is $50 and costs.

DAUGHTERS OF REBEKAH.

There will be an annual election of officers in Queen Esther lodge next Saturday evening.

I. O. R. M.

This order will have a meeting next Sunday evening for the election of officers. A full attendance is requested.

BEN HUR.

No. 23 initiated two candidates at the last meeting. This lodge and No. 96 will hold their elections the last Monday in this month.

A. O. H.

On the fourth Sunday of this month the officers of the two divisions of the A. O. H. and the Hibernian Rifles, composing the county board, will meet at the rooms in Library hall to elect officers of the board.

DAUGHTERS OF [illegible].

Tuesday night a very interesting session was held, three ladies and two gentlemen being initiated into the order and three more were elected to come in next Tuesday night. The order is growing in membership as well as interest.

DEGREE OF HONOR.

The three lodges will elect officers next week. No. 2 and No. 22 will choose officers on Tuesday and No. 26 on Wednesday.

At the meeting Tuesday evening No. 2 had one initiation and a literary and musical entertainment was carried out before the meeting closed.

AUXILIARY TO B. OF L. E.

The Ladies' Auxiliary to the B. of L. E. will give an entertainment in True Blue hall Thursday evening, December 9. Their program is an especially pleasing one and will be published in a few days. The committee is making an extra effort to secure some of the best talent in the city and they deserve a liberal patronage from their friends.

The entertainment will be followed by a short dance program.

K. OF THE G. E.

The Knights of the Golden Eagle had three candidates last Tuesday evening, upon whom the three degrees were conferred. After the work Brother William H. Boles, of Winchester, and Brothers Hilgeman and Keefer, of this city made speeches. An oyster supper and smoker followed. Next Tuesday evening there will be five candidates for the first degree and a big time is expected. This order is flourishing finely. Meetings are held regularly Tuesday night of each week.

NATIONAL UNION.

Kekionga council No. 93 will hold their regular meeting next Wednesday evening, December 8. At this meeting will occur the annual election of officers and three trustees to serve for the ensuing year. There will be other important business to be transacted. The degree staff will confer the initiation upon three candidates. The entertainment committee will submit their report and the members may expect to hear something interesting, as the committee have labored diligently to furnish something attractive.

INDEPENDENT ORDER OF RED MEN.

The semi-annual election of officers for Mechecunnaqua tribe, Independent Order of Red Men, which took place last evening, resulted as follows:

Sachem—William Birley.

Senior Sagamore—William Aiken.

Junior Sagamore—Charles Hutchinson.

Prophet—Monroe Johnson.

Chief of Records—Ernest Tagtmeyer.

Collector of Wampum—John T. Leach.

Keeper of Wampum—J. D. Engle.

Trustee—Judson Wertzbaugh.

Previous to the election eight candidates for admission to the order were given the initiatory degrees and arrangements were completed for the purchase of a piano.

ORDER OF THE EASTERN STAR.

Last Tuesday evening was a "red letter" one in the existence of the Eastern Star chapter, of Kendallville, when they entertained the grand matron, Mrs. Mamie Conrad, of Warsaw, several members of the Fort Wayne, Avilla and Butler chapters, and representatives from other chapters.

The initiatory degrees were conferred upon two candidates, the officers of Noble chapter exemplifying the work, after which the beautiful floral degree was conferred. The officers of Noble chapter have a reputation for very admirable work in the exemplification of the ritual work, and this favorable regard was more than sustained on this occasion. Never have the officers conferred the degrees in a more beautiful and impressive manner.

After the work a fine entertainment program was carried out.

Dr. Harriet Stemen, of Fort Wayne, very gracefully presented the regrets of her father, Dr. C. B. Stemen, grand patron, who was detained from the occasion by business duties.

Those present from this city were Mesdames J. W. Clark, J. M. Graham, J. Metzner, H. Umpsted, J. M. Henry, J. C. Craig, William Geake, Isaac Allen; Mr. and Mrs. J. H. Brokaw, Dr. Harriet Stemen and Miss Kate Foster.

MODERN AMERICAN FRATERNAL ORDER.

Anthony Wayne lodge, No. 47, Modern American Fraternal Order, met last night at the usual hour in the K. P. hall and initiated ten new members. The membership is now above 150. The lodge decided to have no meeting next Wednesday night because of the entertainment the lodge intends to give on Thursday, December 9. As this is the first entertainment Anthony Wayne lodge has given, no pains are being spared to make it equal to anything ever given in the city. The lodge has been fortunate in securing the well known entertainer and character delineator, Professor Lew V. Ulrey. Prof. Ulrey will entertain the audience with a number of his excruciatingly funny characterizations and facial contortions. Prof. Ulrey has made arrangements to seat old maids and "grass widows" in the amen corner. Mrs. Ada Denton Ulrey and Miss Laura S. Bowser will give some twenty minutes of Delsarte attitudes, poses and aesthetic gymnastics in costume that will equal anything ever given in the city. Not least among the attractions of this entertainment will be the music of the well known and justly popular Emerson quartet.

Capt. Thomas W. Blair, president of Anthony Wayne lodge, has promised to sing a solo or two. Altogether a grand time is anticipated and one and all are invited to attend.

INDIAN SCHOOLS.

Annual Reports of the Institutions Where Young Lo is Educated.

WASHINGTON, Dec. 2.—The annual reports of Indian schools show considerable progress at Carlisle, Pa., and Hampton, Va., the principal institutions. Superintendent Pratt, of Carlisle, reports an enrollment of 762 pupils at the beginning of the fiscal year and they include representatives of sixty-eight different tribes. Captain Pratt presents a strong advocacy of the Indian outing system, which he says enforces economy and saving. By this means the boys and girls at Carlisle earned $20,165 during the year. The total enrollment at the Hampton institute is 138, embracing representatives of thirteen tribes.

ENGINE EXPLODED.

Four Men Seriously Injured at Titusville, Pa., and Two Will Die.

TITUSVILLE, Pa., Dec. 2.—By the explosion of a "dinkey" engine on the new street car line of the Titusville Traction company, near East Titusville, four men were seriously injured, two fatally. The injured were: Jacob Miller, engineer; Charles Miller, his son; Edward Neely, laborer; M. B. Dunham, of Warren, Pa., president of the company. The two Millers were frightfully scalded and will die. Dunham and Neely received several scalp wounds and other injuries.

WAY TO STOP GAS WASTE.

Injunction Proceedings to be Filed in Indianapolis for a Test Case.

INDIANAPOLIS, Dec. 2.—The state proposes to step in and stop the waste of natural gas by injunction. The supreme court will be asked to pass on the injunction case brought up from Madison county and point out clearly a way for the state to proceed. The excitement over the waste of gas through uncapped oil wells shows no decrease. Mass meetings were held yesterday in this city, in Alexandria and in several other gas towns.

New Trades Union Formed.

PITTSBURG, Pa., Dec. 2.—The wash-house operatives employed in the tinplate mills, dipping terne plates into the vats, have formed a trades union and will make application for admission to the American Federation of Labor at the coming meeting at Nashville. There are about 2,000 wash-house men employed in the different factories in the country, and it is claimed that a large number in the Pittsburg, Ohio Valley, Wheeling and Indiana districts have joined the new organization.

Mrs. M. Eva Peck, a practicing physician of Goshen, as she was entering her home was seized by a footpad, who attempted to throttle her, in an effort to secure her purse. Mrs. Peck made a lively resistance, finally loosening her throat so that she could scream, and in this way compelled the robber's flight.

REINSTATEMENT LIKELY.

Captain Stephenson Will be Captain of Police Again.

NEW YORK, Dec. 2.—Corporation Counsel Scott has recommended to the board of police commissioners the reinstatement of John T. Stephenson as captain of police. Captain Stephenson was dismissed from the force in 1894 upon his conviction of accepting a basket of peaches as a bribe for non-enforcement of the ordinance against the obstruction of sidewalks by merchants in the downtown district. The conviction was recently reviewed and reversed by a higher court. The captain's reinstatement will carry with it the payment of $10,000 back salary.

DEMAND RENEWED.

United States Wants Indemnity From Turkey for Pillage of American Missions.

CONSTANTINOPLE, Dec. 2.—The United States minister to Turkey, James B. Angell, has renewed the demand of the United States for an indemnity from the Turkish government for the pillage of the American missions at Kharput, Marash and Haskonje, Armenia. The porte denies any responsibility for the pillaging on the ground that the government acted under the stress of unavoidable circumstances. Minister Angell, however, insists upon the government's responsibility, as Turkish troops and gendarmes participated in the outrages.

"Tears, idle tears, I know not what they mean," wrote the poet Tennyson. But tears always mean something. There are tears of unspeakable heart of joy and of despair, and those sudden mood-gathering tears of the nervous overwrought woman who has been bearing up so bravely as she may under a daily burden of weakness and dragging, torturing pain. No wonder women weep. The wonder is that they are not oftener in tears for all they have to bear and suffer, and the saddest thing about it is how little their sufferings are understood. Even the doctor, nine times in ten says: "Oh, a little nervousness, that's all" or "neuralgia," or "insomnia," or "dyspepsia." If he suspects the real cause he insists upon examinations and local treatment,—about the very worst thing possible to a nervous, overwrought woman.

There is no need of these repugnant methods. Any woman may insure health and strength in a womanly way by the use of Dr. Pierce's Favorite Prescription. It cures the weaknesses and diseases of the feminine organism absolutely and completely. It was devised for this special purpose by one of the most eminent and experienced physicians in this country, an expert specialist in women's diseases.

For nearly 30 years Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Any woman may consult him by letter free of charge. Her letter will be answered not by a mere nurse or uneducated, irresponsible person, but by the most competent medical authority anywhere obtainable.

All women should read Dr. Pierce's thousand-page illustrated book, "The People's Common Sense Medical Adviser." It contains more clear and comprehensive advice on medical subjects than any other book ever published. A paper-bound copy sent free for twenty-one one-cent stamps to pay the cost of mailing only. BEST OF ALL

Was Yesterday's Run Over the Pittsburg.

The Train Traveled 468 Miles in 563 Minutes, Including a Half Dozen Full Stops.

The special train which carried a party of Pennsylvania company officials over the Pittsburg, Fort Wayne and Chicago road Tuesday, and again yesterday, was put on for the purpose of ascertaining to what extent the time of the Pennsylvania limited could be reduced. A regular schedule had been prepared for the special and on the westbound trip the engineer endeavored to keep within its limits.

But when the train left Chicago at 9 o'clock yesterday morning, on the return trip, General Superintendent A. B. Starr, under whose supervision the experiments were being made, decided, if possible, to beat all previous long distance runs on that line and instructions were forwarded to Engineer Ed McDonald to "let 'er go," meaning that he should speed the engine to its greatest velocity consistent with safety, an order he immediately put into effect.

The result was that the train traveled from Chicago to Pittsburg, 468 miles, in exactly 563 minutes, averaging fifty miles an hour, including all stops and slow ups, and beating all previous records for so long a run.

From South Chicago to Fort Wayne, 135 miles, the time consumed, including a six minute stop at Hanna and four minutes at Warsaw, was 140 minutes.

Only 134 minutes were consumed in the run from Fort Wayne to Crestline, 131 miles, including a five minute stop at Lima and four or five slow ups where there were railway crossings.

The entire western division of the road, which extends from Chicago to Crestline and is 279.5 miles in length, was traversed in five hours and eight minutes, which time includes, besides a half dozen or more slow-ups, full stops as follows: Hanna, six minutes; Warsaw, four minutes; Fort Wayne, six minutes; Lima, five minutes; total time lost, twenty-one minutes.

Deducting the time consumed by stops and slow-downs, the estimated average speed of the train, Chicago to Pittsburg, was 58.4 miles per hour. Mile after mile of this distance was reeled off in forty-eight seconds and on several occasions the velocity of the train was even greater.

The train consisted of two private cars, a coach and a baggage car, and it was hauled over the western division by engine 70, with Engineer Ed McDonald at the throttle.

Mr. Rhoades only has one arm and the accident to that left him in a helpless condition.

Last Monday he got some emery dust in one of his eyes, which he endeavored to remove himself, but failed. Later a physician was called upon, but the optic had become so badly inflamed that little could be done for it. He is now in the hands of an oculist.

STRIKES A BONANZA.

Rich Discovery Made in the Topeka Group in Colorado.

Denver, Col., Dec. 2.—The Topeka group of mines in Gilpin county owned by John F. Lovejoy has proved a bonanza, although former owners could not make it pay. Lovejoy bought the mine from Denver parties last June for $160,000. In cutting an upraise from the 800-foot level a crosscut was run to the hanging wall where a streak of ore was struck which assays $2,000 to the ton. The vein has been drifted on and sunk for a distance of sixty-five feet, thereby uncovering more than enough to pay the entire cost of the mine. The vein is of uniform width the entire distance, with the prospects of continuing indefinitely, which promises many millions. The ore is white quartz filled with specks and nuggets of free gold.

REPORTS FOR DUTY.

Frank Iten Released by the Waterworks Trustees.

The Office of Waterworks Inspector Declared Abolished, but Mr. Iten Won't Not Have It That Way.

There is blood on the moon at the waterworks office. A month ago the waterworks trustees decided to declare the office of waterworks inspector abolished and dispense with the services of Mr. Iten, who has filled that position for the past twelve years. It was announced that Mr. Iten resigned, but he has done nothing of the kind. In fact, he considered himself in the employ of the city to stay until next February, which time he claims he is allowed to serve under appointment of last board of trustees. Mr. Iten reported for duty this morning and it appears that it is his intention to show up for work every morning just as if nothing had happened. As he has been declared relieved from duty the matter is regarded by observers as being more or less funny. As no commission is issued to Mr. Iten it is doubted that he can serve longer than the board of trustees desire to keep him.

CHARITY FESTIVAL.

First Rehearsal of the Cantata, Egypta, Last Evening.

Leading Fort Wayne Singers Will Assist—Young Girls From the Public Schools Take Part.

Had any doubt existed as to the popularity of our Associated Charities, that doubt was effectually dispelled by a visit to last night's first rehearsal for the charity festival, which is to be held in the Masonic Temple Dec. 20, 21 and 22.

In response to the invitation issued by the committee of arrangements, the city hall was filled with Fort Wayne's leading singers. Even at this first rehearsal the music was sung with spirit. That all were pleased with the score of "Egypta" was demonstrated when the singers seemed reluctant to close the rehearsal, asking to sing "just one more number."

At the afternoon rehearsal for the auxiliary chorus of young girls from the public schools, nearly three hundred were present. Their readiness in taking up the music and their perfect intonation shows the excellence of their instruction in the public schools. The adult singers meet again tonight at 7:30 o'clock.

DICK, THE HOST.

Wayne Hotel May Pass Into His Hands in February.

William M. McKinnie Decides to Retire at the Expiration of His Lease—Negotiations Under Way.

With the expiration of his lease next February Will M. McKinnie will retire from the Wayne hotel business and that hostelry will pass into the hands of a new management. Negotiations have been open for some time with different parties, but Mr. McKinnie has failed in finding a satisfactory purchaser until, perhaps, today. Dick Townsend, none other than the former popular landlord of the Randall, and late of the Grand hotel, Indianapolis, is very likely to be the next manager of the Wayne. While the papers have not been closed, the indications are favorable for the change as stated. Mr. Townsend is in the city today and has been in consultation with J. C. Peters, owner of the building, and Mr. McKinnie, who owns the furnishings.

The retirement of Mr. McKinnie marks the loss of an energetic and popular landlord to the hotel business of Fort Wayne and one who has built an unassailable reputation for the house that he has conducted since it was first opened. His future plans are not known. Mr. Townsend would be competent to sustain the splendid character of the hotel and to hold to the hostelry a strong following of the traveling public.

ANOTHER ONE!

Harry J. Buell Brings Out a Great Patent.

A Bicycle Lamp That Eclipses Everything Heretofore Attempted—A Calcium Light.

Harry J. Buell, mention of whose patent of a chainless bicycle gear was made in The Sentinel Tuesday last, has brought to the front another invention almost as important to the devotees of the wheel as the gear. It is a light constructed along different lines from anything heretofore attempted and has many good points which other inventors have aimed at but never reached.

Underneath the bicycle seat is a reservoir containing calcium carbide, one drop of which in a liquid forms acetyline gas. The tubing of the bicycle is used for a generator and conveys the gas to a lamp set on the tubing of the head piece and is equipped with a burner similar to an ordinary gas tip, and is turned up or down the same as the common gas jet. The light produced is a genuine calcium of wonderful intensity and will not shake down, jar out or blacken the globe, the three most annoying features of the lights now in use.

Mr. Buell is an inventor of wide experience, there being in the market today more than twenty articles of which he is the patentee and every one of them wonderfully successful.
